Remarks

This paper is in response to the Notice of Drawing Inconsistency with Specification mailed 10.05.2006, in which it is noted that Figure 4A and 4B, filed with the original papers, are not described in the specification, and are not listed with the Brief Description of the Drawings in the specification.

As these drawings are not used in the spec., and the case has been allowed, it is clear that the drawings and any description thereof are not required to enable the claims that were allowed. Therefore the Office of Publication/Publishing Division is instructed herewith to remove drawings Fig. 4A and 4B from the specification before publication.

If there are any time extensions needed beyond any extension specifically requested with this amendment, such extension of time is hereby requested. If there are any fees due beyond any fees paid with this amendment, authorization is given to deduct such fees from deposit account 50-0534.

Respectfully Submitted,
Sanjay Deshpande et al.
